

Centre for Preparatory Studies

Vision

The CPS empowers students with the essential skills and knowledge to achieve success in university studies and beyond, through active and supportive learning and teaching environment.

Values

Excellence

Seeking excellence by setting and reaching high standards in performance for staff and students to enhance academic achievement, teaching quality, and student support services.

Empowerment

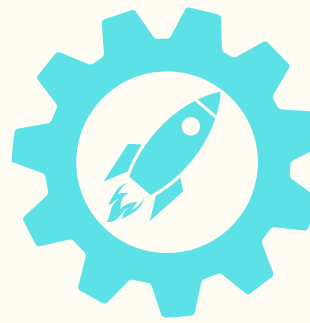

Believing in empowering students to take ownership of their learning to become responsible, dedicated, and self-confident.

Collaboration

Fostering collaboration between students, staff and the community to accomplish success and excellence.

Ethical Conduct

Promoting high standards of integrity, honesty, trust, fairness, loyalty, and ethical behaviour.

Mission

The CPS is committed to providing a high-quality educational programme that nurtures academic knowledge, skills and attitudes. Through a dynamic learning environment and curriculum focusing on English, mathematics, computing, and study and life skills, and along with innovative teaching methods, the CPS aims to equip students with the ability to effectively participate and excel in their undergraduate programmes.

Objectives

- Deliver quality instruction in English language, mathematics, computing, and study and life skills.
- Improve the efficiency of teaching and learning through a variety of methods, strategies, and tools.
- Provide access to the resources and support services required for student success.
- Support and maintain the use of rigorous quality assurance processes at all levels.
- Develop students' academic, digital and soft skills necessary for undertaking university study.
- Integrate active and autonomous learning strategies and emerging technologies to enhance student critical, analytical, and creative thinking.
- Engage competent staff and maintain their professional growth and wellbeing.
